

VALUE ADDED

noun **ECONOMICS**

the amount by which the value of an article is increased at each stage of its production

Longevity. Efficiency. Carcass Quality.

Speckle Park cattle are setting a new precedence for beef production across the world, in all environments and at all stages in production with unrivaled calf vigour, feed conversion, longevity & meat quality.

SAVE ON YOUR BOTTOM LINE. FEED, GROW & FINISH WITH INCREASED EFFICIENCY.

visit the "About" tab on our website to read more about the breed's feed conversion, carcass data, relevant studies & testimonials
